Dear first-year students,

welcome to Mozarteum University Salzburg. We are very pleased that you have decided to begin this new, phase of your life here with us.

You are now part of a university that sees itself as a place for artistic encounters and challenges – as diverse and fascinating as art itself. Here you will meet around 2200 fellow students and almost 600 teachers, who together at the two locations of Salzburg and Innsbruck are dedicated to teaching, the development and promotion of the arts, their mediation as well as university research in arts.

At the beginning of your studies, we would like to provide you with all the support that will make it easier for you to get started: You have already passed the most important one – the entrance exam – with flying colours. The next step is to enrol in the programme, register for the courses and get to know your new study environment. Please do not forget that the university, city and province of Salzburg as well as the university location Innsbruck offer you a wide range of opportunities alongside your studies, to experience culture and nature, to be active in sports and to build new social and private connections.

This brochure provides a firm overview of the most important steps for starting your studies. If you have any questions or uncertainties, please don't hesitate to contact the administrative staff or the teachers in your study programme – they will be happy to help! During the first few weeks of your studies, you will find tutors from higher semesters in your department who will also be available to support you.

I cordially invite you to our Welcome Day on 28th September 2026 and wish you a good start until then!

Mag.art. Helmut Schaumberger, PhD
Vice Rector for Academic Affairs

• Study planning

A thoughtful planning of semesters and study sections can contribute decisively to the enjoyment of studying, as no deadlines are overlooked, no unnecessary time pressure arises, and a semester or academic year is not unexpectedly “lost”.

- Step 1:** Study the curriculum and the implementation guidelines carefully (e.g. sometimes there are courses that build on another and have to be completed in a specific order). The curriculum including module overview and implementation guidelines can be downloaded from the website of your degree programme.
- Step 2:** Seek advice (e.g. on the question of whether compulsory courses are offered every semester, only once per academic year or even less frequently). The tutors and departmental secretariats will be happy to help.
- Step 3:** Check the current course offerings in MOZonline.
- Step 4:** Draw up a sensible timetable (with times for rehearsing, studying or writing, but also for the necessary rest, for friends or family, etc.); it is advisable to plan only about 60% of the week as a fixed schedule, to reserve 20% as replacement time for unforeseen events and to leave another 20% completely open.
- Step 5:** Early registration for participation in the desired courses.

• Recognition of examinations/preliminary work

Positively assessed examinations and other academic achievements taken at a recognised post-secondary educational institution as well as activities and qualifications (such as scientific, artistic, and professional activities) are to be recognised pursuant to § 78 UG if there are no significant differences with regard to the competences acquired.

Recommendation: Submit your academic achievements for recognition as soon as possible. It makes it much easier to plan your further studies.

For information and forms, please contact the department of the Director of Studies/ Bologna Process via MOZmail: anerkennung@moz.ac.at.

It takes 6–8 weeks to check the documents, clarify the situation and to issue the notification of recognition. Notification is made via MOZmail address, and the decision is also stored in the student file in MOZonline.

Details can be found here:

Those who do not also study at the University of Salzburg and therefore have the appropriate student card, however, require a library account and their own library card for borrowing.

• Tips for living in Salzburg

In order to make studying an all-round positive experience, things like a suitable living situation, attractive food and sports facilities, opportunities for part-time jobs and exciting events must also be available. On the following pages you will find some selected tips.

Life in Salzburg

Still looking for a flat?

Living in Salzburg is expensive! Although this also applies to some extent to the prices of student halls of residence, living in Salzburg is often cheaper this way. Salzburg's student halls of residence are listed here:

oeh-salzburg.at/beratung/studierendenheime
studium.at/studentenheime/salzburg

If you haven't found a place in a hall of residence or don't want to live there in the first place, the best place to find a place to stay, apart from the relevant advertisement pages of the Salzburg News and willhaben.at, is the flat exchange (**Wohnungsbörsen**) of the ÖH Mozarteum (oeh-mozarteum.at/de/boersen/wohnboerse) and the ÖH Salzburg (boersen.oeh-salzburg.at/boersen/wohnungsboerse). As the offers change several times a day, it is advisable to visit them frequently.

New in Salzburg? Register your residence!

Within the first three days after their arrival in Salzburg, all students must register at the registration office of the city of Salzburg. This also applies to Austrian students who move to Salzburg for the first time and establish their secondary residence here.

Registration Office (Meldeamt), Kiesel Building, Saint-Julien-Straße 20, 4th floor,
5020 Salzburg – open Monday–Thursday 7:30–16:00, Friday 7:30–13:00
Online appointment registration atstadt-salzburg.at/meldeservice

The necessary registration form can be downloaded or obtained from the landlord or the hall of residence. When registering in person, please bring the registration form signed by the landlord and your passport.

Residence regulations for international students

Detailed information for all countries of origin and study programmes can be found on the OeAD website (oead.at/en/to-austria/entry-and-residence) or at the Austrian Federal Ministry of the Interior (bmi.gv.at).

Registration certificate for EU/CH/EEA students

Students from EU/EEA countries or Switzerland who stay in Austria for longer than three months need a registration certificate in addition to the registration form. For this purpose, the student must prove the following:

- admission to a recognised educational institution (confirmation of enrolment from MOZonline)
- comprehensive health insurance cover (e.g. European Health Insurance Card, insurance policy, ...)
- sufficient means of subsistence (declaration of financial means such as Erasmus scholarship, financing by parents, etc.).

The certificate costs € 44,- once and is permanently valid. Those who cannot provide this proof must expect a fine of € 250,- in the event of a police check.

Responsible for this registration is the Magistrat Salzburg, Amt für öffentliche Ordnung, Schwarzstraße 44. When applying, in addition to the fully completed form, you must bring a valid passport or identity card with a copy and the registration form.

Application form for the registration certificate

• Insurances

Accident Insurance

All students at the Mozarteum University are automatically covered by statutory accident insurance through the General Accident Insurance Institution (AUVA) (auva.at/bildungseinrichtungen). This coverage applies to all accidents that occur at the university or while traveling to or from the university (PLEASE NOTE: Accidents must be reported). In addition, the ÖH offers accident and liability insurance that provides cash benefits in the event of a claim and, with certain restrictions, is also valid abroad (oeh.ac.at/en/service/oeh-insurance/).

Health Insurance

All students must have valid health insurance. Without valid insurance, you will not be issued a visa, residence permit, or residence certificate.

Students from Austria

Those who begin studying after school can be covered by their parents' insurance free of charge until their 27th birthday. This generally requires receipt of family allowance or proof of serious study (through certificates). Older students must self-insure with the Austrian Health Insurance Fund (Österreichische Gesundheitskasse, gesundheitskasse.at/cdscontent/?contentid=10007.868713).

Students from abroad

There are several options for health insurance:

1. Students from EU/EEA countries, Switzerland, and the United Kingdom can apply for a European Health Insurance Card (EHIC) from their health insurance provider in their home country.

2. Students from Bosnia-Herzegovina, North Macedonia, Montenegro, Serbia, and Turkey can use their home country's statutory health insurance.

To do so, the A3 form of the national health insurance provider must be exchanged for health insurance vouchers at the Austrian Health Insurance Fund.

3. Student self-insurance with the Austrian Health Insurance Fund (gesundheitskasse.at/cdscontent/?contentid=10007.868713): Regular students (BA, MA, Diploma, PhD) residing in Austria can take out student self-insurance here. The monthly fee is € 78,84,- [as of 2026].

• German courses

At Mozarteum University, German courses at various levels can be taken during the semester. The weekly course time is between 2 and 3x 90 minutes, depending on the level.

The following courses are offered:

Winter semester: A1, A2+, B1+

Summer semester: A2, B1, B2

The fee for a course is € 50,- per semester. The textbooks must be paid by the students themselves.

Registration for German courses needs to be done online via MOZonline and is possible from 8th September 2026 and 1st February 2027 respectively. Please register as soon as possible, as courses are often booked up quickly!

Note: To register for a course in MOZonline, you need an activated MOZonline account and to be registered for the respective semester (payment of the ÖH fee and, if applicable, tuition/course fee).

After registering in MOZonline, you will initially be placed on the waiting list. The ranking is based on the time of registration. Whether you can get a fixed place is decided on the first course date. Only those who are present at the first course date or who have agreed their absence with the course instructor in advance can receive a fixed place.

All people with a fixed place will receive payment information. Do not pay the course fee until you have a fixed place! If the course fee is not paid on time, you will lose your place to the next person on the waiting list.

In principle, it is no longer possible to register for the course in winter semester after 30.9.2026. For later registration, please contact Florian Bauer. If you have not attended the course or notified Florian Bauer of your late arrival by 10.10.2026, you will be removed from the waiting list.
