BE PART OF SOMETHING GREAT!

Orchestra Academy of the International Summer Academy of the Mozarteum Salzburg

30 July – 11 August 2018

The experience of making music together, encountering other musicians with a common aim frequently creates great and wonderful results that can also benefit playing as a soloist. Salzburg, this enchanting place, can thereby contribute to leaving behind an intensive and long-lasting impression.

The Orchestra Academy takes place over two weeks, and first and foremost it is a matter of growing together as a musical ensemble.

In the first week, Elizabeth WALLFISCH, much in demand internationally as a violinist and teacher, will use all her competence and experience as the judicious mentor until Bruno Weil rehearses with the newly formed ensemble and in the context of the conducting class evolves an interesting concert programme with young conductors. The final concert takes place on 11 August 2018 at 11 a.m. in the Grosses Studio.

Registration for the Orchestra Academy is binding.

- Participation in the Orchestra Academy is free of charge for students in a master-class.
In principle the Orchestra Academy is a separate master-class. However, it can also be understood as a kind of supplementary course for those attending the master-classes for violin, viola, cello etc. Rehearsals will take place in the afternoon. This means that attending one's own individual master-classes as well as other events is possible.
- Musicians who attend only the Orchestra Academy and do not book any additional master-class are also very welcome. They have to pay a participation fee of EUR 170.

Regular attendance of the rehearsals and participation in the final concert entitle every participant to a refund of EUR 120 in cash.
